

Initial Plans For Hawthorne Improvement Set

Improvements of a portion of Hawthorne Boulevard in the Rolling Hills area have been approved by the County Board of Supervisors.

The agreement provides for the City of Rolling Hills Estates to contribute \$60,000 for right of way acquisitions as its share of the costs.

The County will prepare the plans and specifications. The section to be improved is located between Newton Street and Palos Verdes Drive North.

CHP Warns Motorists On Mishaps

California Highway Patrol Commissioner Bradford M. Crittenden reminded motorists that to report a traffic accident or highway emergency they should go to a telephone and ask the operator for ZE 1-2000.

"This is the Patrol's emergency number. The operator will connect you with the nearest Highway Patrol office."

He pointed out that ZE 1-2000 is reserved for reports of accidents or emergencies, and should not be used for routine calls.

"The number should be used to report accidents in unincorporated areas and on most freeways. Accidents within cities are handled by municipal police agencies. If in doubt, ask for ZE 1-2000, and the Patrol will dispatch an officer or notify the proper agency," he said.
